

Shout Out To All APWU Members

Here is a summary of an urgent message from Lamont Brooks, Director Clerk Division, APWU.

Do Not Participate in Surveys!!!!!! Do Not Participate in Focus Groups!!!!!!
Do Not Participate in Interviews!!!!!! The Postal Service needs at least 5000 employees to participate in the VEA Validation process. Make a stand! Do Not Participate!!!!

Here are some examples where APWU employees participated in focus groups and the results: BMEU-Abolished Duty Assignments/Excessing; Mailing Requirement Clerks (MRC)- Abolished Duty Assignments/Excessing; Lean Mail Processing- Abolished Duty Assignments/Reduced Machine Staffing; and Retail Clerks/Reduced Window Staffing.

All these programs are lean six sigma programs. They are aimed at reducing staffing and cost without any regards to contractual agreements. USPS attempts to bargain with the employee instead of the union and then blame the union for the resulting employee problems.

There has been nothing gained when the Employer deals directly with the employee.
